ABOUT COMPANY

SAFA Service Company LLC is a Saudi limited liability company based in Al Jubail, and the Kingdom's operating arm of SAFA World Services LLP.

Licensed by the Ministry of Investment (MISA) with a registered capital of SAR 10 million, we provide integrated construction, technical, and facility services. Our multidisciplinary teams combine local expertise with international standards to deliver reliable, high-quality results across the Eastern Province and beyond.

OUR STORY

Founded as the Saudi arm of SAFA World Services LLP, SAFA Service Company LLC brings construction, technical and facility-management expertise together under one licensed entity based in Al Jubail. Backed by a registered capital of SAR 10 million, we are built to deliver dependable, standards-driven service across the Kingdom.

WHAT WE OFFER

An integrated range of licensed services spanning construction, technical and MEP works, equipment, and hospitality — a single, accountable partner for your projects and facilities.

OUR CORE PRINCIPLES

Our Mission

To deliver integrated construction and facility services of the highest quality — on time and to specification — through skilled people, modern equipment, and disciplined project management.

Our Vision

To be a trusted and respected service provider in the Kingdom of Saudi Arabia, recognized for reliability, safety, and excellence across every sector we serve.

Our Values

Integrity, safety, and commitment to our clients. We uphold professional standards, respect our people, and build lasting relationships founded on trust.

WHY CHOOSE US

LICENSED & TRUSTED

A MISA-licensed Saudi LLC with a registered capital of SAR 10 million — fully compliant and accountable.

INTEGRATED SERVICES

Construction, technical, equipment, and hospitality under one roof — a single partner for diverse project needs.

SKILLED TEAMS

Experienced, multidisciplinary teams delivering work to international quality and safety standards.

CLIENT-FOCUSED

We prioritise your requirements, communicate clearly, and deliver on time, every time.

General Building Construction

General construction of government buildings to the highest engineering and safety standards.

We build government and public-sector facilities to exacting engineering and safety standards. From groundworks to handover, our teams manage every stage with disciplined planning, quality materials, and rigorous site supervision.

What We Provide

- Government and Public Buildings. • Project Planning and Site Supervision.
- Structural, concrete and Finishing Works. • Quality Control and Safety Compliance.

Residential Construction

Design and build of all types of residential buildings, from villas to multi-unit developments.

We design and build residential projects of all types — from individual villas to multi-unit developments — combining sound engineering with quality finishes and on-time delivery.

What We Provide

- Villas and private residences • Turnkey design-and-build
- Multi-unit and residential compounds • Fit-out and finishing

HVAC & Refrigeration

Installation, maintenance, and repair of air-conditioning and refrigeration systems for any facility.

We install, maintain, and repair air-conditioning and refrigeration systems for facilities of every size, keeping your environment comfortable and your cold chain reliable.

What We Provide

- AC installation and Commissioning • Refrigeration and Cold-room Service
- Preventive Maintenance Contracts • Repairs and Emergency Call-outs

Electrical Equipment Repair

Professional repair and servicing of electrical equipment to keep your operations running.

Our technicians repair and service electrical equipment to keep your operations running safely and without costly downtime.

What We Provide

- Diagnostics and fault-finding • Preventive servicing
- Motor and control-panel repair • Safety testing and compliance

Crane Rental with Operator

Modern cranes supplied with certified, experienced operators for lifting and construction work.

We supply modern cranes with certified, experienced operators for lifting and construction work — safely mobilised and fully supported on site.

What We Provide

- Certified, Experienced Operators • Well-Maintained Modern Fleet
- Lift Planning and Rigging • Short and Long Term Hire
